

Leonel John Makizhan.J

About Myself

I am Leo, I am doing my grade 9 in kalvi intercontinental school. I am a creative student who believes in the power of technology to solve real-world problems. On the field, I've earned recognition as Best Batsman and Man of the Match in district-level tournaments. Off the field, I enjoy creating content that shares ideas with others. I believe in setting ambitious goals and working consistently to reach them — whether that's on the cricket pitch, in the classroom, or in my next project.
